Format Notes & Actions Before Final Upload

- All mandatory slots contain at least one PDF deliverable.
- Slots 03 & 04 also accept DWG — currently PDF only; adding native DWG/CAD files would further strengthen these (requires the as-built DWG conversion, still pending).
- Slot 05 (3D Visualizations): brief asks for PDF; the PNG renders should be placed into a PDF sheet before final upload (or exported as PDF). Currently provided as PNG day/night renders.
- Slot 12 (video): optional; a production-ready storyboard is provided. Produce the actual 60s video from it before upload if desired.

Brief Compliance Cross-Check

Brief Requirement	Where Addressed
Concept + Preliminary Design (not construction docs)	Phases 4-6 — correct level
Total budget AED 35M considered	Phase 4.7 (feasibility), Phase 7.10
Meaningful AI integration documented	AI Methodology Report (slot 6) + code appendices in every phase
Human-centered, all ages + People of Determination	Phase 8, Phase 5.7 (100% step-free)
Sustainability + climate response	Phase 7 — computed shade + water budget
Commercial & service facilities	Phase 5 (Commercial & Service Kiosk zone)
Day & night activation	Phase 6.5 lighting + Phase 9 day/night renders
One-minute concept animation	Slot 12 storyboard (video to be produced)
Presentation boards / visuals	Phase 9 renders + all phase charts

Applicant Details (from submission form draft)

Field	Value
Submitting as	Individual Applicant
Full name	MOHAMED WASIM
Deadline	15 August 2026
Declarations	Confirm originality, IP compliance, T&Cs read — tick all 4 on the form

Final Human Actions Before Submitting

- Review every 'AI-GENERATED DRAFT' report and adjust/approve the design decisions.
- Convert the as-built DWG and validate the real site boundary against the assumed 150m×100m rectangle (may change Phase 5 areas).
- Export the PNG renders (slots 05) into PDF sheets as the brief specifies PDF.
- Produce the 60-second video from the storyboard (slot 12) if including it.
- Complete and submit the online form before 15 August 2026; tick all 4 declarations.
